Look Ahead, Girls.

If young girls would look ahead it would sometimes save them from serious collision with the men they marry. It is here that ignorance is almost a crime. The young husband cannot understand it when the wife changes to a peevish, nervous, querulous woman. And the young wife does not understand it when she only knows that she is very miserable.

If ever there is a time when nature needs help it is when the young girl is adjusting herself to the new conditions of wifehood. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It promotes regularity, dries debilitating drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce, by letter, free. All womanly confidences are guarded with strict professional privacy. Write without fear or fee to Dr. J. C. Pierce, Buffalo, N. Y.

"I will drop you a few lines today to let you know that I am feeling well now," writes Miss Anna Simpson, of Buffalo, N. Y. "I feel like a new woman. I look several years younger. I have no headache, no backache, and no pain in my side any more. No heartache, pain, or worry. I think there is no medicine like Dr. Pierce's Favorite Prescription. I have had more than a dozen boxes of it, and I have done for me-year medicine has no more good."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

WHY IT HAS FADED.

The Partial Obliteration of the Declaration of Independence.

"I saw recently in the press dispatches from Washington," says R. T. Smythe, of that city, "an item to the effect that the original copy of the Declaration of Independence was fading. The story is true that the document is fading, but not true that this partial obliteration is of recent occurrence. Many years ago, in taking an impression of the Declaration for the purpose of reproducing copies of it, an acid was used which had a most disastrous effect upon the ink with which the paper was written. The writing began to fade rapidly—so rapidly indeed, that in a short time it was with extreme difficulty that either the text or the instrument or the signatures to it could be deciphered. At this time the declaration was hung upon the wall in the library of the Department of State. It was in a wooden case, supplied with doors, but during the hours when the library was open the public demands of the visitors caused the doors to be open also. The action of the light upon the document was very harmful, and in order to preserve it from further decay the Secretary of State caused a specially constructed case to be manufactured for it."

You must possess a strong pull today to obtain a glimpse of it, for as the years pass the fading of the writing, while checked, nevertheless continues. As a consequence the department officials guard it carefully and expose it to the light with extreme reluctance. The safe in which the declaration now rests is on the right of the entrance to the library, while on the left-hand wall hangs the case in which it was formerly kept. A reproduction now takes its place, but ninety-nine out of every hundred who visit the library depart after examining this copy, believe that they have seen the original. They have seen something, however, far below the large case in a smaller one containing a rough draft of the declaration is exactly the form in which Jefferson wrote it. This is an original, but as acids have never touched it, it has faded only a little."

Remarkable Cure of Croup.

"I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. B. Steere, of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he 'threw up' and then I thought he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—Joel Demont, Inwood, Iowa. For sale by all druggists."

United in Life and Death.

Married in January, 1866, and buried in October, 1901. After thirty-five years of loving companionship, only seventy-two hours of separation and then they rest together "under the trees."

Elder A. B. Miller, D. D., pastor of Immanuel church, died at 3:30 p. m., October 9, at his residence, after a protracted illness. His body was lying in state from 10 a. m. to 3 p. m. Thursday at Immanuel church, and at the latter hour a large concourse of people assembled to attend the last services to a beloved pastor and citizen. Because Sister Miller's sickness, all along service was omitted. Dr. W. A. Clark announced the order of services, in which ex-Gov. James

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pain, aches and rheumatism come from excess of acid in the blood, due to neglected

kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It is the highest for its wonderful cures of the most distressing cases and is sold on its merits.

You may have a sample bottle by mail. Some of Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

P. Eagle led in a tender and felicitous address, using "For me to live is Christ, and to die is gain," as a text. Brother Eagle has known Dr. Miller over thirty years and had him for pastor seven years. M. L. Thomas, D. D., pastor of the Second church, spoke of the zeal and wisdom of Dr. Miller as a co-worker, and highly commended Immanuel church for its sacrificial devotion to its pastor. Elder Ben Cox spoke in highest praise of the departed brother—of his optimism and his skill as a pastor and peace-maker. Elder G. W. McCarty spoke with great emotion on the counsel and sympathy Dr. Miller had given him in his work as a suburban pastor. Dr. Clark followed with remembrance of twenty-eight years of a quietude—fifteen of these years intimately related to him in denominational work. The casket was then carried by a long procession of weeping friends. As the grave was being filled, the solemn song in sweetest strains "God be With You 'Till We Meet Again," and "Sweet Bye and Bye." Brother Eagle pronounced the benediction and we went to our homes fondly hoping that Sister Miller would live to comfort the bereaved children.

But at 4 p. m. of the 12th, the telephone announced that she had fallen asleep in Jesus, and at 4 p. m. Sunday her funeral was held at Immanuel church. Dr. Clark and Brother Cox conducting the service after which she was tenderly laid by the side of her husband, there to await the morning of the resurrection.

The acting pall-bearers at both services were the deacons of Immanuel church. Brethren Earl, Reynolds, Tighman, King, Berthe and Dibbins. Honorary pall-bearers: Hon. A. W. Files, Hon. W. E. Atkinson, Hon. J. C. Barrow, Dr. Harrison, H. P. Edmonson, Edmond Craig, Hon. B. H. Battle and Col. J. M. Moore.

Dr. Miller was born in Ohio county, Kentucky, July 19, 1835. He was educated at Georgetown College and at Bethel College, Russellville, Ky. Leaving school at the age of eighteen he was ordained to the ministry and in his native State entered upon his great life work of pastor and evangelist. After a service of several years at Owensboro, Ky., he became pastor of the First Baptist church of Memphis, where he remained during the civil war. In January, 1866, he was married to Miss Anna Wilson Clark at Louisville, Ky. He was called from Memphis to Paducah, Ky., and after a successful pastorate there accepted a call to Quincy, Ill., but had not been long in the latter place until the church at Versailles, Ky., persuaded him to return to his native State. After several years of pastorate and evangelistic service he was called to Evansville, Ind., and was pastor there six years. In January, 1885, he accepted a call to the Second Baptist church of Little Rock, where he remained seven years. When he took the pastorate it was a mission, but he very soon built it up to a church of over four hundred members and the leading Baptist church of the State. In 1892 he accepted a call to Bonham, Tex., and was there four years, when he was called to Central Baptist church of Dallas, Tex. After two years service with this church he was called to the First Baptist church of New Orleans. Though he never formally accepted this call he supplied successfully the pulpit for several months, and when Immanuel church of this city called him he accepted and entered its pastorate February 1, 1899, and his success in its upbuilding has been phenomenal.

Mrs. Annie Clark Miller was born in Louisville, Ky., and was educated at Bardonia in Dr. Bush's school and during that time made her home with her uncle, Gov. Wickliffe. There she met Rev. A. B. Miller, whom she subsequently married in January, 1866. Her mother who made her home with Dr. Miller, died October 12, 1898, at Dallas, Tex., just three years ago to the day. Mrs. Miller embraced religion at an early age.

"I am dying daughter, and am glad, because I am so tired. I want to rest," said Mrs. Miller to her daughter Saturday morning. Then in the afternoon she rallied for a while and with a spiritual smile on her face, whispered to those around her bedside, "I am going to see granddaddy," referring to her mother, who died three years ago, almost to the hour. She has not been told of her husband's death and did not know that in the eternal city there awaited her the faithful companion of her married life. Perhaps she wondered why he was not at her bedside to bid her farewell before she started on that last long journey. Almost overcome with grief, the little hand of watchers saw the spark of life go out and realized that the mother was again with her husband and parents, happy in the rest above. Mrs. Miller's illness dated a month back, she being seized while nursing her stricken husband. It was known several days ago that she could not recover, and she was spared the pain of knowing that her husband had preceded her with-

in the gates of the eternal city.

All the family, i. e., Mrs. Ella Miller, L. Deiter and husband, of Pine Bluff, Alan Clark Miller and Allene B. Miller, of this city, together with an adopted son, Hugh Peck, of Dallas, Tex., were present at both strokes of bereavement—Arkansas Baptist.

A Shouting Darkey.

The Hopkinsville Kentuckian prints the following remarkable story:

"Rev. C. T. Vaughn, the well known colored Baptist preacher, was a victim of a peculiar and painful accident."

"While engaged in preaching the funeral of William Campbell, (col.) at Mt. Herman church, Sam Gordon, (col.) a young preacher living near Longview, was overcome with religious excitement and began to shout. During the paroxysm he kicked Rev. Vaughn on the left leg just above the knee, badly injuring the limb. The bone was fractured and Vaughn has been a great sufferer. The limb is much swollen and it may be necessary to have an operation performed."

"It was an accident but it proved to be a very serious one for the victim. Rev. Vaughn came to Kentucky from Orange court house, Virginia, about 25 years ago, but was ordained a minister of the gospel five years before."

"He has charge of two churches in this county—New Asia, near Garrettsburg, and Mt. Vernon, in the Longview neighborhood."

"He says he has baptized more than a thousand converts in Christian and adjoining counties, married a hundred couples and held scores of protracted meetings, but this is the first time he has been knocked completely out in the first round."

Rev. Vaughn has frequently preached in Owensboro and is well known among the colored people of his denominations.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annapolis, Md., Jamaica, West India Islands. The pains in the chest indicate an approaching attack of pneumonia, which in this instance was undoubtedly wardly off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists."

Rev. Irl R. Hicks Is Not Dead.

Notwithstanding a widely current rumor that the Rev. Irl R. Hicks was dead, he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his Journal, Word and Works, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer, and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to Word and Works Pub. Co., 2201 Locust St., St. Louis, Mo.

Miles Stands by Schley.

Cincinnati, O., Dec. 31.—Gen. Nelson A. Miles, Commander of the United States Army, arrived here today, accompanied by Mrs. Miles. In speaking of the finding of the Schley Court of Inquiry, Gen. Miles said:

"I am willing to take the judgment of Admiral Dewey in the matter. He has been a commander of a fleet, and as such has known the anxieties and responsibilities which rest on a man under these circumstances. He was instrumental in the destruction of one Spanish fleet and knows and realizes the feelings that encompass an officer under such conditions. I think Dewey has assumed up the matter in a clear and concise manner, and I believe his conclusions will be endorsed by the patriotic people of the

United States. I have no sympathy with the efforts which have been made to destroy the honor of an officer under such circumstances."

A Plucky Preacher.

Recently a firm of distillers in the city of Louisville presented a handsome bronze statue of Thomas Jefferson to the municipality. The following Sunday the Rev. Lloyd of the Walnut street Methodist Episcopal church denounced the acceptance of the statue. He said that the money which paid for it had been made by the blood of men and the tears of orphans and widows. He called it a "concrete expression of destroyed character and despoiled manhood." He expressed his opinion that Thomas Jefferson would feel degraded by the presentation of his statue to the city by such men. In part the preacher said:

"The city of Louisville is congratulating itself on the statue of Jefferson, presented by two wholesale whisky sellers. The money with which it was done was blood-money, wrung from bleeding hearts of innocent women and children. It represents the tears of orphanage and widowhood, and is a sort of concrete expression of destroyed character and despoiled manhood."

"Jefferson held sentiments strongly antagonistic to whisky, both in its drinking and sale, and it was enough to make him turn over in his grave at the thought of having his statue presented to the city by men who had made their fortune by preying on helpless drunkards and innocent women and children.—New Voice."

Great Weather Calendar.

The Chattanooga Medicine Co., the manufacturers of McCreary's Wine of Cardui and Theodor's Black-Draught, have just issued the 1902 edition of the Cardui Weather Chart and Calendar. This calendar has sprung into universal prominence by accurately foretelling the droughts and floods of the past summer, a year ahead of each occurrence. This office has just received one of these calendars, which consists of twelve sheets of paper, 13x20 inches in size, all fastened together with a gilt tin strip and a brass loop hanger. Each sheet contains the calendar for one month in large figures that can be read across the room. Under the figures printed weather signals indicating Prof. DeVoe's weather forecasts for every day in the year appear. We understand a few copies of it can be secured by sending 10 cents apiece in postage stamps to The Chattanooga Medicine Co., Chattanooga, Tenn.

In West Virginia on one of the railroads is a little town called Sawyer. Close to the town the train passes through a tunnel. One day a nice green looking young couple were on the train, and they never seemed to know that there was anybody else on the train. While the train was passing through the tunnel those

said one, "but how can you say that he married for a title?"

"Because," replied the other, "the married title to some of the finest revenue-producing property in this city."

Resolutions of Respect.

WHEREAS, God in His infinite wisdom has deemed it best to call from us 'one of our beloved pupils and schoolmates, Foster Taber; therefore, be it resolved,

1st. That we, his teacher and schoolmates, tender to the bereaved family our sincerest sympathies in this their hour of bereavement.

2nd. That Foster was to us a good, kind and lovable boy, and was diligent and happy in his school work.

3rd. That in his death we lose one of our brightest and best boys; one who made sacrifices to give happiness to others.

4th. That a copy of these resolutions be published in the local papers and a copy be sent the bereaved family.

He Helped Some One.

"No," he said disconsolately, "I wasn't able to do anything for Christ-mas."

"Why not?"

WINTER CATARRH

In All Its Phases and Stages Cured by Peruna.

MRS. J. E. MILLS, OF NORWICH, CONN.

Mrs. J. E. Mills, 464 Main street, Norwich, Conn., in a recent letter says:

"I write to let you know what Peruna has done for me. I have been troubled with catarrh since I was ten years old. At times my head troubled me so that I would be obliged to stay in a dark room. Nothing helped me and my physician said I could never be cured."

"I began taking Peruna this spring and find myself greatly benefited by it. I have not had an attack since I took my first bottle. I think in time it will cure me. Peruna has improved my appetite and health in general. I have gained twenty pounds in three months. I have recommended it to several of my friends, who also find it very beneficial. I advise any one troubled with catarrh to use Peruna."

Thousands of men and women all over the United States use Peruna.

They do so because they have learned by experience that it is a valuable medicine.

Not only is it a valuable medicine but it is applicable to the climatic ailments of winter and summer. Exposure to heat and cold in the United States make it a land of catarrh.

Nearly every body has catarrh. This is more especially true among the middle and lower classes. Exposure to the climate, hard work, and overfilled sleeping rooms are the principal causes. Charitable institutions have found, by bitter experience, that catarrhal diseases are not only the most numerous of all other diseases put together, but they are the hardest to cure.

Peruna is a specific for this class of diseases. No other remedy can take its place. Thousands of cases of chronic catarrh are cured by the use of a single bottle. People who have spent large sums to be cured of catarrh, have turned to Peruna as a last resort, and been cured by the use of a single bottle.

It is a sure cure for coughs, colds, influenza and catarrh in the many phases. Whether the catarrh is located in the head, throat, lungs, stomach, kidneys or pelvic organs, Peruna is a prompt and never-failing cure.

Mrs. Sarah Jones, Pleasant Plains, Ia., writes: "I wish to acknowledge my appreciation of the benefits received from Peruna and Mannin in the treatment of what was pronounced systemic catarrh. I took Peruna for a while and discontinued the use of it as I felt somewhat better. The latter part of the winter and early spring there was so much sickness here, an epidemic of colds and pneumonia prevailed. I had an attack of cold in catarrhal form, suffering with facial neuralgia and headache, but continued taking Peruna and Mannin and was soon restored without being prostrated with weakness."

A book written by Dr. Harrison on the different phases of catarrh and their treatment, also "Health and Beauty," written especially for women, sent free to any address by The Peruna Medicine Company, Columbus, Ohio.

FRIDAY, JANUARY 3

Do not forget the Cahle Powers fund. Send the Commercial Tribune a New Year's gift for him—a gift in aid of an innocent man, in aid of justice, in aid of his restoration to home, family, friends and liberty. Send it to-day, Commercial Tribune, Cincinnati, O.

POSSIBILITIES OF 1902.
1901 has come and gone. It is as far from us to day as the middle ages—it's of the past—gone forever. Its results are recorded in history, as those of years that have been, and 1902 has come to take the place of the dying year, greeting all with a happy New Year, long live the memories of the old. 1901 has been the most prosperous year in the history of the American government—financially, it has been marvellously successful—it has established America's right to the islands of Philippine archipelago—made her master of the Pacific—made her first in matters of diplomacy—and to-day she enjoys the most profound respect of every nation on the globe.

1901 is a wonder. Scientific investigation has been so successful that nothing seems impossible for the mind of man to fathom. Submarine navigation is established, while aerial navigation is a possibility. Wireless telegraphy is an actual reality and wireless telephony is not a dream. Marconi has sent a message from New Foundland to Cornwall successfully and the wonderful discovery wants, only in development, and a full supply of that "want" is stored in the vaults of the future. Communication across the oceans by means of wireless telegraphy, is marvelous, it's a wonderful discovery in an inquiring mind. In 1827 the first railroad was built. It was indeed the embryonic stage of our magnificent railroad system. Its cars were crude—conforming, however, to the best of the times. It was declared by many to be an absolute failure, but it grew with the times, and as man's needs increased the experiment became a useful reality. The discovery of the telegraph was an accident, likewise the discovery of wireless telegraphy, but the discovery of wireless telephony will be a circumstance attended with wonder and great awe.

With wireless telephony, a reality, we will be neighbors to Mars, conversing freely with Jupiter's inhabitants and the "man in the moon." When wireless telephony is a reality, we may find the great mystified spirit land and hold frequent communications with those long since in glory. These are possibilities for 1902 to unravel, and when we realize them fully, we can truthfully say:

"We are living, we are dwelling,
In a grand and awful time,
In no new age is dawning,
To be living is dawning."

THE MONROE DOCTRINE.
Germany is making the part of La Guayra, Venezuela, a rendezvous for many of her vessels. The purpose is to collect a debt which Germany says Venezuela owes her. In view of the Monroe Doctrine, Germany has delivered, in advance, all sorts of pledges and promises to interfere in no wise with the Monroe Doctrine. This thing of laying claim to the revenues of a country for an asserted debt and sending her naval force to get it, is a new feature in international law, especially when an infringement on the Monroe Doctrine is made.

The Monroe Doctrine covers a broad field and its guardian is the greatest and most powerful nation in the world. President Monroe declared that the United States would regard as an unfriendly act any effort to re-instate former European control of any part or parcel of the Western Hemisphere, or to destroy or impair any American State.

President Cleveland read the "riot act" to Great Britain when that country was in the attitude of seizing Venezuela and England promptly reconsidered and gave ear to the version of the Monroe Doctrine. France ran up against the Monroe Doctrine during the reign of Napoleon III, and when the United States Government commanded France to stay a hostile stroke, the command was heeded promptly and she acquiesced. The Monroe Doctrine is well understood internationally and Germany is not slow in advancing an explanation.

Uncle Sam does not believe in repudiating debts, he himself is a very generous-hearted fellow, as Spain will testify, but while he does not repudiate or believe in that practice, he forbids any foreign country trying

claim to any American soil. Venezuela should pay her debts, if they be just, and command the German fleet to depart, and the United States Government will look after the affair then.

This Commercial Tribune, Cincinnati, is taking a popular collection for Caleb Powers. The Commercial Tribune is a foreigner, so to speak, being across the Ohio, but it fully realizes that Caleb Powers is the object of political persecution, and in the interest of justice, which, under the American flag, is guaranteed and ought to be accorded every subject, rich or poor; in the interest of that noble, innocent, young chivalrous Kentuckian, it is asking the people of the whole country, irrespective of party affiliations, to aid in securing justice, liberty and freedom to Caleb Powers. It's a righteous cause and should meet with prompt and liberal donations. A great paper like the Commercial Tribune, is, without question, the proper factor to take up the cause—it can render most valuable service in the cause of justice.

We do not believe in making too many New Year pledges, but just one made, and sacredly guarded, is a victory. Now, if all our subscribers would only make one pledge—and that to pay their subscription, and do that promptly, it would certainly be of extreme importance to themselves and us, and then when they have settled their newspaper account, go on in the good work and keep even with the world. Try this, it will do you good.

UNCLE SAM is a business man and folks abroad realize that when he sets his head upon a thing he is going to have it. The certainty of the construction of a canal to connect the Pacific and Atlantic oceans, either across Nicaragua or Panama, has acrossed acrossed, owing to the right-of-way across Panama, to offer this government their property for \$40,000,000. The first price was \$65,000,000. After awhile Uncle Sam can get it at his own price.

If that \$100,000 blood money appropriation is declared unconstitutional by the Court of Appeals—in all probability the whole case will end. The Guebels are being sued "all over the face of the earth" for doctor bills and it is not likely that they will bazzard what little fortune they may now possess in converting innocent men.

SENATOR Depew met some puzzling questions in the French marriage laws that gave him quite a bit of trouble before he could be married on French soil. It was no matter for him. If America is kind enough to produce for him a charming, boudoir lady, the same soil ought to be grand enough for them to be married on.

AFTER all, who said Sampson deserved the honor of the magnificent Santiago victory? The court of inquiry may adjudge Schley guilty, but the American people will exonerate him every time.

THE Kentucky Legislature convenes Tuesday. Capt. N. T. Howard, of Morgantown, will represent this district in the Senate, while Mr. A. S. Bennett will guard our interests in the House.

ROCKPORT, KY.
Dec. 31—The ministers and deacons meeting that was to be held here last Friday and Saturday was postponed to an indefinite time.

Last Thursday night Mr. G. M. Maddox's grocery and undertaker's department came near burning. He was up very late and there was a crowd in the store smoking cigars and cigars and when through smoking they pitched the stub of their cigars into a box of saw dust near the stove which he used as a spittoon and it caught fire, burning a hole through the floor large enough for a man to crawl through.

A GOOD RECOMMENDATION.
"I have noticed that the sale of Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Carleton, Iowa. "What better recommendation could any medicine have than of people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth (feet bilious), have no appetite or are troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists."

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. These are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin. To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disgusting pimples.

ETERNAL VIGILANCE IS THE PRICE OF A BEAUTIFUL COMPLEXION when such remedies are relied on.

Mr. H. T. Shobe, 274 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face which resisted all treatment. She was taken to two doctors, but received no benefit. Many remedies were prescribed, but without result, until we decided to try S. S. S. and by the time the first bottle was finished the eruption began to disappear. A dozen bottles later, the skin was completely and lastly her skin perfectly smooth. I know seventeen years old, and not a sign of a blemish on her face has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

S. S. S. purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Pimples, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

WORTH \$300,000,000.

The President of a certain big Oil Company is said to be worth \$300,000,000. A tidy bit of money and no mistake. And yet he isn't happy. In an address to a Bible class he spoke of trials and troubles of the rich and the loads they have to carry. A young lady whispered to a friend that he might wear a Benson's Boron Plaster on his back or, better still, divide the money among the members of the class. I don't know why her idea about the plaster makes me want to laugh, but it does. All the same I have seen plenty of people laugh after putting Benson's Plaster on their backs or chests, or on any other spot where there was a pain, headache, rheumatism or pain. It may be the sharp stings of neuralgia, the aches and twinges of rheumatism; it may be colds in muscles or bones; it may be those kidney or bladder troubles that make you yell as at a dog bite; or it may be a strain or cramp, anything that wants quieting and comforting. Don't bother with salves, liniments, lotions, etc., or with any of the stupid and useless old style plasters. Clap on a Benson's. It relieves at once and cures quickly. It stops the pain and makes you laugh for the very ease and good feeling of it. But watch out against imitations and substitutes. All druggists, or we will prepare postage on any number ordered in the United States on receipt of 35c. each.

Seabury & Johnson, Mfg. Chemists, N.Y.

For Hot Lunch go to Singer Office. Supt. For Rogers was in Greenville Monday and Tuesday.

Mr. Alex Maddox, McHenry, made us a pleasant call Wednesday.

C. R. Martin, jeweler and watchmaker—at Williams' drug store.

Miss Maggie Davidson has closed her school and is at home again.

For the nicest candies and fruits in Hartford, go to the Singer Office.

The nicest Cheese, Sausage and Crackers in Hartford at Singer Office.

Mr. Jesse S. Bean left Tuesday to enter the Louisville Medical School.

Messrs. W. A. Hill and M. J. Williams, Cervino, called to see us Wednesday.

Mr. James Bailey, Central City, visited Miss Mattie Bennett first of the week.

Mrs. E. J. Hudson, who has been sick for the past two weeks, is slowly improving.

Mr. B. S. Ellis, Denver, Col., who has been visiting his parents, Mr. and Mrs. A. C. Ellis, near town, left Tuesday for his home.

All Stuffed Up
That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, poisons the breath, deranges the stomach and affects the appetite.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me."
J. C. BAXTER, Braidwood, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.

50¢ a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER & CO., Lowell, Mass.

For "Quail on Toast," steak, eggs, coffee and Oysters, in any style, go to Singer Office.

Mr. Jas. A. Thomas still remains quite ill with little hope of recovery though his physician expresses confident hope that he will again be out.

Schroter, the photographer, is still at the Hartford wharf with his flat-top studio, but will leave the third of February. Go to him for first-class work.

Mr. Alvin S. Bennett our new member in the legislature left Wednesday for the capital. Mr. Bennett is a very promising and deserving young man and we shall expect to hear from him.

Mr. Blumer Renfrow, Renfrow, was in town first of the week. There is some special, enviable attractions here for Mr. Renfrow. He was a student at college here last year.

Mr. John C. Barnard, who has just closed his term of school at Prentiss, will leave Monday for Bowling Green, where he will attend school during the winter and spring months.

Lost—Monday afternoon on the streets of Hartford, one gold star emblem of the "Eastern Star Degree" in Masonry. Return to First National Bank, Hartford, and receive reward.

Ola, the little six year old daughter of Mr. and Mrs. Dave Willyard, Renfrow, died Saturday of brain fever and was buried Sunday at Mt. Carmel.

Another older daughter has typhoid pneumonia and is very ill.

Mr. Eugene Combs, near Sulphur Springs, died last week of pneumonia, which disease was doubtless contracted while handling tobacco to Owensboro. He was a highly respected citizen and his loss to the community is much deplored.

Mr. Geo. B. Thompson and family, Horton, left Saturday to join the Ohio colony at Crowley, La. Mr. Thompson is one of the county's best citizens and his addition to Louisiana is a substantial gain for that state and a loss to our own.

Mr. E. H. Ellis will leave Monday for Bowling Green where he will enter the Business College. Howard taught a very successful school during the past winter and the profession loses in him a most promising young man. Our best wishes go with him.

The Monitor Lumber Co., of Beaver Dam, made an assignment Monday.

Mr. Ben D. Ringo is assigned Beaver Dam has been supporting two planing mills during the past year and it is much regretted that this firm has been driven to the wall.

Rough River Lodge No. 110, Knights of Pythias will give a supper and smoker for its members on next Tuesday evening. Every member of the lodge is urged to be present for a nice time is promised. The lodge will have work in the second rank for that night.

Hartford is to soon have two new dry goods stores—Messrs. Fair & Co. and Carson & Co. Work is being pushed rapidly to completion on both, and when fully equipped, will present a picture of elegance, beauty and taste. They will add much to the general appearance of the town and will be excellent hiders for trade.

The following letters remain dead in the Hartford postoffice: Mrs. Lennie B. Eversly, C. I. Miller, Bud Fields, Tom White, Mrs. Sarah Crumpton, E. F. Baize, W. H. Baize, Miss Lena Igleheart, Miss H. D. Riggs, Shelby Rocky, Mrs. Rosa Johnson, Mrs. R. A. Nelson, L. Patton, James T. Miles and Kinch Martin.

The directors of the Rough River Telephone Co have made arrangements with Mr. D. M. Hocker to manage the business of the company. He will take charge on January 1, or as soon as he settles his business of deputy sheriff. Mr. Hocker is a splendid business man and we expect to see the business of the company prosper under his supervision.

Supt. Rogers has extended the boundary of the Beaver Dam graded school district so as to include all parties residing in the corporate limits of Beaver Dam South of the railroad. After being petitioned and given due notice and hearing the evidence pro and con, this decision was reached. It will greatly benefit the graded school and will virtually insure a victory for the school when an election is held to vote a tax.

Dr. J. Henry Barnes, Chickasha, I.

T., and Miss Eibel Kilpatrick, St. Louis, Mo., were married the 11th ultimo, at Chickasha. Dr. Barnes attended college here for quite a while taught in the Seminary at Beaver Dam and enjoys a host of well wishing friends throughout the county. He graduated last year from the Louisville Medical College, soon thereafter, went west to seek his fortune in the practice of his profession. Our personal knowledge of Dr. Barnes warrants the assertion that the young lady, whose heart he won, and whom he led to the hymeneal altar, is eminently deserving of him, our friend and fellow countryman. THE REPUBLICAN congratulates and wishes for them a future strewn with heaven's richest blessings.

Mr. Oscar Wade and Miss Sallie Stewart were married last Sunday at the home Mr. Hlad Maddox, McHenry.

SUICIDE IS THREATENED

Unless the Deserted Wife of J. W. Lanham Grants Immunity

And Seeks Former Husband's Abode--The Hymeneal Voyage With the Young Girl, "Over," begs Pardon

The elopement of Jas. W. Lanham and his wife sometime since from the Sulphur Springs community was a very disgraceful affair and caused quite a stir in that vicinity, being the source of neighborhood gossip for quite a while. But the most startling of all rumors is the one now current.

It is reported that Lanham has communicated to his wife, from some point in Tennessee, tidings of "repentance"—the acknowledgment that his conscience is heavily burdened—that he is weary of body and spirit and is meditating suicide. A reporter to THE REPUBLICAN says:

Lanham wrote his deserted wife recently, since he kidnapped Miss Wedding, that if she would come to him he would send Miss Wedding home, and unless this request was granted, he would throw himself in front of the latest L. & N. express and be hurled into eternity, "where he ought to be."

This report, however, is unauthenticated, but it is common neighborhood talk. The reporter could not advise whether Mrs. Lanham would forgive the folly of her husband and grant him full pardon and join fortunes with him again, or, allow him to be the hero in blessing the country with prompt and immediate suicide of the most accused deed to civilization.

The taking of his own life will not restore the young girl's ruined character. Her future hopes are blasted, the purity and sweetness of her character with which nature richly endowed her, are destroyed, her standing in the community of her nativity is utterly ruined, past redemption, whilst the suicide of the destroyer of woman's little recompense for the crime committed, yet it would protect others and in the end would be blessing.

The thing proper for Mrs. Lanham to do is to visit her husband with an

officer and allow him to look from behind the bars the remainder of his years—above forty-two.

1902 CLEANING-UP SALE!

We know of no better way to celebrate the advent of the New Year than to clean out our house of all goods left over from the old year, and to begin the Spring of 1902 with everything fresh and new.

First, however, we wish to extend our grateful acknowledgments to our friends and patrons of the old year for the exceptionally liberal and generous treatment we received at their hands during the year just closed. Nineteen-hundred-and-one may be justly regarded as the high-water-mark year of our business. If the New Year shall start off as favorably for us as the old one ends, we shall certainly have no occasion for complaint.

Beginning at once, we propose to inaugurate the greatest Clearing-up and Cleaning-out Sale in our line ever known in Hartford. Nothing will be reserved, but everything goes, so that we can make a clean-sweep before moving into our new building, which will be some time within the next sixty days. Then we shall stock up with everything new and fresh.

We shall not undertake to quote prices, but only ask of you a visit.

Again thanking you for your liberal patronage during the year 1901, we enter the New Year with good wishes for all.

Yours truly,

CARSON & CO.,
